TFCP Thailand Future Cities Project NEWSLETTER VOL.2

Commencement of the SFCI Model City Projects

□

After kick-off seminar of Model City Activities in July, basic analysis has been done in each tessaban, which identified current problems and issues on environment, social, and economic aspects and future possible issues in each city. In parallel, Planning Team and Project Coordination Committee have been formulated with close coordination with tessaban, JICA Project Team, local consultant, and stakeholders.

First Planning Team Meetings were organized in October to November, where stakeholders discussed and identified critical problems and significant potentials and formulated vision statement as theme for SFCI Project.

Kick-off seminar on 7th July 2016

Sixth City, Phitsanulok, joined the SFCI Project.

First Visit in Phitsanulok on 31 October 2016

It was decided that Phitsanulok joined the SFCI Project as the sixth city. After first kick-off discussion with Mayor of Phitsanulok on 31 October, it entered planning stage to catch up with other cities.
