

Energy and Environment Partnership in Mekong

EPP Mekong

Energy and Environment Partnership (EEP) worldwide

- EEP Central America since 2002
- Mekong Region (Cambodia, Lao PDR, Thailand, Vietnam)
- Southern and East Africa (Botswana, Kenya, Mozambique, Namibia, South Africa, Swaziland, Tanzania and Zambia)
- Indonesia (2 provinces –Central Kalimantan and Riau);
- Andean Region (Colombia, Peru, Ecuador, Bolivia)

Geographical coverage

Overall Objectives

To contribute to improved access to energy and energy services and reduction of greenhouse gas emissions

As a result of the EEP activities, rural households, livelihoods and SMEs will have better access to RE services and technology

Eligible Applicants

- NGOs
- Private companies
- Public institutions
- Research organisations
- Academic institutions

Technical Focus

- Biomass
- Biofuels
- Biogas
- Energy Efficiency/
Conservation
- Geothermal
- Hydro power
- Solar
- Waste-to-Energy
- Wind

Project activities eligible for funding

- Pilot Projects
- Demonstration Projects
- Pre-feasibility Studies/Feasibility Studies
- Capacity building/training
- Strategic / Policy studies *

Specific technical restrictions

- Projects with biofuel production for export not eligible
- Hydro power: capacity less than 10 MW

Funding Mechanism

- The EEP contribution to the project could be a maximum of EUR 200,000 depending on the type of the project.
- The EEP contribution is principally aimed to supplement applicants' own funding as a non-reimbursable grant.
- Project Developer co-funding contributions will affect positively on the approval of the project proposals.
- The total budget for phase 1 of the programme is EUR 7.9 million.
- *Please note that Under EC Regulation 1998/2006 (De Minimis Aid Regulation), the support provided is a de minimis aid.*

Third Call for Proposals

Country	Submitted	Evaluated	Pre-selected	Contracting as per Sept 2011
Cambodia	27	21	5	5
Lao PDR	18	15	3	2
Thailand	13	7	2	1
Vietnam	37	32	10	5
Regional	10	10	1	1
Total	105	85	21	14

On-going projects by Technical Focus
